Plumbing Refresher Course

WEDNESDAY, FEBRUARY 1

8:00 - 4:00 pm

MWWA is once again offering the Plumbing Refresher Course for those needing CE units for their plumbing license. This year, presenter Scott Thompson will be giving 6 hours of class time going over drainage, waste, and venting as it pertains to Minnesota's Uniform Plumbing Code which went into effect in January 2016. This course includes horizontal and vertical wet venting, cross-sectional venting, and DWV sizing according to the new code. Scott will also be providing a 2-hour presentation on the Basics of Water Treatment. The course will include information and discussion on basic water chemistry, water testing, basic well contaminants, equipment, and application - all items critical to being successful in the water treatment industry.

ONLINE REGISTRATION NOW AVAILABLE

Plumbing Course Lunch included.

Take advantage of the new online registration option! It's new and easy to do. Visit the association website of www.mwwa.org and look at the events page. Membership continues to reflect the benefits of reduced prices, so be sure you are paid for the 2019 year! Make it simple on yourself this year and Register Online!
